

HYGAIN
FEEDING CHAMPIONS SINCE 1983

Special Ingredients

Honey - Much more than just a sweetener, Honey is a rich source of natural vitamins and minerals, particularly vitamins A, B complex, C, D & E as well as bioflavonoids, antioxidants and propolis enzymes promoting general health and well being.

HYGAIN® RBO Equine Performance Oil® - HYGAIN® RBO® Equine Performance Oil® is a blend of rice bran oil, omega 3,6 & 9 essential fatty acids and natural anti-oxidants known to improve the health and structural integrity of cell membranes. HYGAIN® RBO® oil plays an important role in maximising energy efficiency due to its energy dense nature and is digested efficiently in the small intestine reducing the 'sugar high' associated with high grain diets. HYGAIN® RBO® promotes growth and development of the muscular system, top line and a healthy skin and coat.

Natural Vitamin E - This unique and highly stable form of Natural Vitamin E known as RRR- α -tocopherol is up to 5 times more bio available and potent than regular synthetic sources of Vitamin E. Research has shown that this form of Natural Vitamin E provides higher retention levels in plasma further aiding antioxidant, immune, cardiovascular, circulatory, neuromuscular and reproductive functions.

Super Fibres - As the name suggests super fibre is a product that contains highly digestible fibre with very little non-digestible fibre. These highly digestible fibre sources provide horses with a calorie content similar to grain, however since they are fibre they are safer to feed and given that Super Fibres are digested in the hindgut (cecum and colon) they do not produce rapid changes in blood sugar (Fizz) like grain. Super fibres are as safe to feed as chaff or hay and even more digestible.

HYGAIN® MICRBARLEY® - HYGAIN® MICRBARLEY® is rapidly converted and absorbed as glucose in the small intestine, providing energy twice as efficiently as starch fermented in the large intestine. The starch in HYGAIN® MICRBARLEY® is over 98% digested in the horse's small intestine whereas the starch in unprocessed and conventionally processed grains is only 20-30% digested. By transferring the site of digestion back to the small intestine we reduce the burden of fermentation on the large intestine and the accumulation of lactic acid, heat and ammonia. HYGAIN® MICRBARLEY® grains provide for safer, cooler feeding which can in turn lead to fewer incidences of colic, laminitis, acidosis, fatigue, nervousness and reduced performance.

HYGAIN
FEEDING CHAMPIONS SINCE 1983

Honey B[®]

The natural alternative

HYGAIN[®] HONEY B[®] is a micronized sweet feed designed by nature and buzzing with natural goodness.

HYGAIN[®] HONEY B[®] is a cool, high fibre, low GI feed designed to meet the nutritional needs of horses and ponies being spelled or in light to moderate work.

Product Features

- ✓ Packed full of natural goodness
- ✓ Micronized Barley & Lupins
- ✓ Natural Vitamin E
- ✓ HYGAIN[®] Vitamin & Mineral Mix
- ✓ Low GI Formula
- ✓ Highly Palatable
- ✓ HYGAIN[®] RBO[®] Equine Performance Oil[®]

Analysis as fed

Crude Protein.....	10%	Phosphorous	0.5%
Crude Fat	4%	Lysine	4 g/kg
Max Crude Fibre	14%	Vitamin E	250 IU/kg
Added Salt.....	1.25%	Selenium	0.4 mg/kg
Calcium	1.2%		

Ingredients

HYGAIN[®] HONEY B[®] is a blend of the following quality ingredients: MICRBARLEY[®], MICRLUPINS[®], HYGAIN[®] RBO[®] Equine Performance Oil[®] (Rice Bran Oil including Omega essential fatty acids and Natural Anti-Oxidants), HYGAIN[®] Super Fibres, Honey, Natural Vitamin E, Lucerne Chaff, Molasses, Salt, Calcium Carbonate, Di-Calcium Phosphate, Magnesium Oxide, Bio-Available Selenium, and HYGAIN[®] Vitamin and Chelated Mineral Premix.

1kg of HYGAIN[®] HONEY B[®] provides the following levels of nutrients (as fed)

Lysine	4 g	Iron.....	270 mg	Vitamin A.....	5820 IU	Niacin	50 mg
Methionine	1 g	Zinc	98 mg	Vitamin B1	6.8 mg	Pantothenic Acid.....	13 mg
Calcium	12 g	Manganese.....	99 mg	Vitamin B2	8.5 mg	Folic Acid	7 mg
Phosphorous	5 g	Copper.....	35 mg	Vitamin B6	3.8 mg	Biotin	750 ug
Magnesium.....	3 g	Iodine.....	0.9 mg	Vitamin B12	23 ug	Choline	595 mg
Sodium.....	5 g	Cobalt.....	0.3 mg	Vitamin D3	700 IU		
Potassium	6 g	Selenium	0.4 mg	Vitamin E.....	250 IU		
Chloride	8 g			Vitamin K.....	3.7 mg		

Feeding Guide

HYGAIN[®] HONEY B[®] is a nutritious palatable honey coated sweet feed. Care should be taken to match feed intake to body condition and workload. Reduce feed intake on rest days, if horses gain weight and/or training regime is interrupted.

HYGAIN[®] HONEY B[®] should be introduced to your horse's diet gradually. Feeding amount may be influenced by age, breed, appetite, exercise, desired body condition, pasture/hay quality and availability and climate.

HYGAIN[®] HONEY B[®] should be fed in conjunction with quality pasture, hay and/or chaff.

Feeding Rates Per Day*

Body Weight	Height	HONEY B [®]	Roughage
250 - 300 kg	13 - 14 hh	1.5 -2.5 kg	3 - 4 kg
350 - 450 kg	14 - 15 hh	1.5 - 4 kg	4 - 5 kg
450 - 550 kg	15 - 16 hh	2 - 5 kg	5 - 6 kg
550 - 650 kg	16 hh +	2.5 - 6 kg	6 - 7 kg

**Intended as a guide only, all variables should be taken into consideration*

Feeding Tips:

1. Introduce HYGAIN[®] HONEY B[®] to your horse's diet gradually over a 7-14 day period.
2. Feed by weight and not by volume.
3. Feed a minimum of 1% of your horse's body weight daily as roughage.
4. Horses have a small stomach, so feed little and often.
5. Ensure horses have access to clean water.
6. Do not add additional vitamins or minerals unless directed by a veterinarian or nutritionist.
7. For dietary recommendations and nutritional solutions contact HYGAIN[®].
