Feeding Guide

HYGAIN® ALLROUNDER® is formulated as a maintenance feed for horses and ponies in light to moderate work regardless of breed or age.

HYGAIN® ALLROUNDER® should be introduced to horses diet gradually. Feeding amount may be influenced by age, breed, appetite, exercise, desired body condition, pasture/hay quality and availability. Care should be taken to match feed intake to body condition and workload. HYGAIN® ALLROUNDER® should be fed in conjunction with quality long stem fibre such as pasture, hay and or chaff.

Should exercise intensity increase then HYGAIN® ALLROUNDER® can be mixed with HYGAIN® MICRBARLEY® for additional energy or replaced with a more nutrient dense feed in the HYGAIN® range.

Feeding Tips:

1. Introduce HYGAIN® ALLROUNDER® to your horse's diet gradually over a 7-14 day period.
2. Feed by weight and not by volume.
3. Feed a minimum of 1% of your horse's body weight daily as roughage.
4. Horses have a small stomach, so feed little and often.
5. Ensure horses have access to clean water.
6. Do not add additional vitamins or minerals unless directed by a veterinarian or nutritionist.
7. For dietary recommendations and nutritional solutions contact HYGAIN®.
